Galena Signal Oil Company Discriminated.

CONTRACTS WITH RAILROADS

Show That Some Companies Paid Only About Half as Much for Lubricating Oil as Other Roads Were Compelled to Pay.

New York, Oct. 4.—That the Galena Signal Oil company, a subsidiary of the Standard Oil company, controls 97 per cent of the lubricating oil business with the railroads of the United States and that the prices for its products are not uniform with all railroads, was written in the record of Thursday's hearing of the federal suit against the so-called oil trust. C. C. Steinbrenner, an accountant for the Galena company, told in detail how contracts were made with railroads whereby they were guaranteed a maximum cost for the lubrication of the road, based on mileage for engines and cars, and when the maximum cost was found at the end of certain periods to fall short of the Standard Invoice, which all railroads paid when they received the oil, the Galena company made a refund of the difference.

From statements compiled from the Galena company books, Mr. Kellogg was able to show that in some cases the amount of the refund was nearly 50 per cent of the invoice price. Mr. Steinbrenner testified that the lubricating oil furnished to the Pennsylvania railroad was sold at a loss. The Galena company fixed the Standard Invoice price of valve oil for engines last year at 48 cents a gallon and Mr. Kellogg drew from the witness that the Pennsylvania railway, after the refund was deducted, obtained its oil for 24 cents.

Paid Full Invoice Price.

Mr. Steinbrenner testified that the New York Central, Union Pacific, Delaware and Hudson and Southern railroad paid 48 cents a gallon, or the full invoice price, without refund. The Baltimore and Ohio railroad paid 38 cents a gallon, while the Toledo, Peoria and Western obtained its oil for 26 cents. Mr. Steinbrenner said that the fixing of the minimum cost of lubrication to a railroad was a matter of hard bargaining.

A letter written by President Miller of the Galena company in 1905 to Vice President Morony of the Pittsburgh, Shawmut and Northern railroad and placed in evidence Thursday stated that the Galena company was supplying 97½ per cent of the total mileage of the United States, Canada and Mexico.

One of the railroads that the Galena company did not supply with oil Mr. Steinbrenner said, was the Tidewater railway, owned by Henry H. Rogers, vice president of the Standard Oil company. The witness said the Galena company had tried to obtain the contract with the Tidewater railway but had failed.

Mr. Kellogg suggested that perhaps Mr. Rogers thought he could get better oil elsewhere.

APPEAL TO SUPREME COURT

Made in Behalf of Packinghouse Rebate Cases.

Washington, Oct. 4.—The supreme court of the United States was applied to Thursday to take jurisdiction on the Armour, Swift, Morris and Cudahy cases, known as the packinghouse rebate cases, by removing them on a writ of certiorari from the United States circuit court of appeals for the Eighth circuit. These companies were fined \$15,000 each in the district court of the United States for the Western division of the Western district of Missouri, for violation of the Elkins act forbidding railroad freight rate rebating. The circuit court of appeals sustained this fine. The evidence showed the companies received a preferential rate of 12 cents per 100 pounds on shipments of meat for export from Mississippi river points to the Atlantic seaboard. By agreement the case against Armour only was tried.

DIE ON ON SCAFFOLD.

Four Italians Executed at Lancaster, Pa., at Same Time.

Lancaster, Pa., Oct. 4.—Four Italians were hanged at one time in the yard of the Lancaster county jail here. They were Anthony Delero, Stephen Carlu, Silverio Rodelli and Joseph Cellone and the crime for which they paid the death penalty was the murder of a fellow countryman, Plato Albamese, who was killed for offering resistance when the four attempted to rob him. The four men were taken from their cells and marched to the scaffold in a body, each one supported by a priest. They presented a firm front except Carlu, who wavered several times but braced up on the scaffold. All died from strangulation. On the scaffold Delero, whose right name is Delorenzo, made a statement in which the other three joined. He denied that they went into the shack to commit a robbery and said Albamese attacked him with a razor and that in self-defense he shot his assailant; that he called for assistance and that Cellone responded and also in self-defense stabbed Albamese a number of times.

STORY OF CRIME UNTRUE.

Woman Accused Tramp of Murder to Hide Her Own Carelessness.

Monmouth, Ill., Oct. 4.—An inquest on the body of the four-year-old son of Mrs. Jane Hathaway of Oquawaka, Ill., reported to have been burned to death by a tramp who was refused a meal by the mother, disclosed the fact that the child met death by an accident. The testimony tended to show that the mother had told the story about an assault by the tramp and the burning of her child to shield her own carelessness.

The coroner's investigation developed that Mrs. Hathaway had left her children alone while she went to a neighbor's house and it is thought that during her absence the boy set fire to his clothing while playing with matches. The officials at Oquawaka believe that Mrs. Hathaway invented the tramp story in order to placate her husband.

A negro named Williams, who was arrested at Burlington, Ia., because he resembled the supposed tramp, was released by the coroner's jury, as he was perfectly innocent.

STARTLING STATEMENT.

Kentucky Feudist Says He Killed Fourteen Men.

Chattanooga, Tenn., Oct. 4.—D. D. Edwards, on trial for the murder of Sam Brooks, a negro, made a startling statement under cross-examination Thursday. He was asked by the attorney general if he had killed anyone previous to the killing of Brooks. Edwards admitted that he had killed a man in Kentucky.

"Is that all?" asked the attorney general.

"Well," said Edwards, "I have shot and probably killed fourteen in my time."

He said that a majority of the killings occurred in the Kentucky mountains and during labor strikes in Chicago.

Edwards is a Kentucky feudist.

WOMAN DEAD AND MAN DYING

Stories of Double Tragedy Do Not Quite Agree.

New York, Oct. 4.—A woman known as Rose Raportello is dead and Alle Raportello is dying in a hospital as the result of a shooting on Fulton street, Brooklyn.

Raportello, before losing consciousness, told the police that the woman came upon him suddenly as he was about to enter a barber shop and shot him. He wrested the pistol from her and in doing so it was discharged, the bullet going through the woman's heart. Witnesses to the shooting state that after the woman fired Raportello seized the pistol and holding the woman with his left hand deliberately shot her.

FATHER AND SON SLAIN.

Shot by Man Who Was Visiting at Their Home.

Noblesville, Ind., Oct. 4.—Walter McClintock, an aged farmer living five miles northeast of here, and his son Enoch were killed by James Hensley, thirty years old, of Indianapolis. Hensley had been paying attention to Mary McClintock, daughter of Walter McClintock, and had called at the farmhouse when, it is said, he and Enoch quarrelled, Hensley drawing a revolver and shooting the youth. The father then emerged from the farmhouse and, according to Hensley's story, attacked him with a knife, whereupon Hensley killed the elder McClintock. Hensley was arrested.

Flagman Is Killed.

Sparta, Wis., Oct. 4.—William Roken, an aged flagman on the Milwaukee road at Tomah, was run over by a string of box cars and instantly killed. He had thrown a switch and was crossing in front of the moving cars when his foot became caught in a frog. A widow and four children survive.

TALK OF THIRD TERM

Discouraged by the President During River Journey.

ATTEMPTS ARE ALL IN VAIN

Congressmen and Governors Endeavor to Discuss the Subject With the Chief Executive—Puts in a Quiet Day on the Mississippi.

New Madrid, Mo., Oct. 4.—The president spent the entire afternoon Thursday in a leisurely run down the Mississippi river from Cairo to New Madrid. His boat, the Mississippi, slowed up at New Madrid, but the delay was brief.

New Madrid is a place of history, and not the least interesting feature of its history is found in the association with it of the name of Nicholas Roosevelt, a great uncle of the president, who stopped here in 1811, when he brought down the first steamboat that ever ran on the waters of either the Mississippi or the Ohio rivers. It was here that Nicholas Roosevelt turned up the Mississippi instead of down. It is related that this change was influenced by the great New Madrid earthquake, which occurred at that time.

These facts have been recited many times to the president since he began his tour of the river and he has never failed to manifest interest in them. The president's boat did not land owing to his desire not to vary his programme.

The run down the river was devoid of interest for the most part, the only enlivening incident being a brief race between the Alton and the Fred Hartweg, a fast Ohio boat with a delegation from Pittsburg on board, which joined the presidential fleet at Cairo, which was a drawn battle. The president lunched aboard the Colonel Mackenzie with the inland waterways commission.

Pleased Over the Tribute.

The low river banks were at places fringed with people but they were generally too far removed from the boats to permit any demonstration except the waving of handkerchiefs. At one place in Kentucky the bluff was decorated with bunting and the president expressed pleasure over the tribute.

The fact that there have been several efforts by congressmen, governors and others to discuss the third term question with the president since the beginning of the tour became known Thursday, but the president has discouraged all such attempts. He was told of at least two delegations that would be instructed for him regardless of his attitude.

Governor Curry of New Mexico, who spent Wednesday night on the boat with President Roosevelt, secured a promise from him to support single statehood for New Mexico.

"He authorized me to say," said the governor, "that he is for statehood for New Mexico alone and will do all he can to secure the passage of a single statehood bill. We will have the bill introduced early in the new session and will crowd it to a finish."

During the afternoon the report gained currency that the Columbia, which started from Keokuk as an escort to Memphis, had gone aground on a sandbar, but there was no confirmation of the rumor except the absence of the vessel.

Just before coming into New Madrid, the Alton and the Hartweg drew up alongside of the president's boat with the last named in the middle, and all ran abreast for some distance, making a very effective grouping. These as well as the other vessels of the fleet were elaborately decorated with the national colors. The fleet consisted of thirteen vessels.

BURY THE HATCHET.

Democratic Factions in Illinois Will Support Bryan.

Springfield, Ill., Oct. 4.—The Democratic factions in Illinois have buried the hatchet and agreed to give W. J. Bryan its solid Illinois delegation in the next Democratic national convention. Representatives of all the factions were here at a love feast Thursday.

Above them all loomed Roger Sullivan, the man whose resignation from the Democratic national committee Mr. Bryan demanded by cable just before returning from his globe encircling tour. Mr. Bryan seems to have changed his mind about Sullivan, for the big corporation man is for Bryan.

Because of the supposed close relations between Roger Sullivan and certain advocates of the nomination of Governor John A. Johnson of Minnesota as the Democratic presidential candidate, peculiar interest attaches to Thursday's surprising developments.

Some politicians incline to the belief that "it's all up with Johnson." Others decline to accept things at their face value and intimate that

"something may be going soon," Sullivan's astuteness as a politician is relied upon by some people to supply an explanation of the present situation that may not tend to cement the suddenly formed friendship of Mr. Bryan for the Illinois leader.

Kobe, Japan, Oct. 4.—The steamer Minnesota, with Secretary of War William H. Taft and his party on board, left here at midnight Thursday night for Manila.

MANY KILLED OR WOUNDED

Revolution Breaks Out in the Argentine Republic.

Buenos Ayres, Oct. 4.—A revolution has broken out in the province of Corrientes, in the Argentine Republic. The insurgents already have seized several positions and in the fighting with the government troops many men on both sides were either killed or wounded.

Submarine Boat a Success.

Kiel, Germany, Oct. 4.—The submarine boat "U," the only one in the German navy, besides maneuvering satisfactorily under water here recently, is said by naval officers to have surpassed all records for similar vessels in other navies for length of voyage. During hard weather in the North sea the "U" traveled 600 nautical miles under her own steam, without a renewal of fuel.

Corked Eggs.
"An ostrich egg," said the sailor, "costs ten cents in South Africa. It's equal to about two dozen chicken eggs and lasts close on to a week."

"Out there you open your ostrich egg by makin' a small hole in the point. You shake out as much contents as you need, and then you plug up the opening with a cork and stand the egg away in a refrigerator till it's needed again."

"Plugged carefully, an ostrich egg will supply a week's breakfast omelettes without goin' bad."

DIRECTORS OF Y. M. C. A. MEET

Held Regular Meeting Wednesday Evening and Discussed Internal Affairs

THE MEMBERSHIP IS GROWING

All Men Going Into Gymnasium Work Must Pass Medical Examination Hereafter

The board of directors of the Y. M. C. A. met last Wednesday evening in their regular monthly session and some inside matters were taken care of.

Two important steps were taken, namely—that "all men going into the gymnasium for physical exercise must pass a medical examination." This goes into effect immediately, by rights, but owing to the fact that all arrangements are not quite completed for carrying on same, later announcement will be made, after which no man will be allowed to take any form of gymnasium work unless he has taken his medical examination. This will be without expense to those examined.

Action was taken with a view to getting out a prospectus for distribution and later announcement will be made regarding this feature.

Among other things Secretary Manville's report showed the following facts and it is evident that they indicate progress:

The books in the association library are being read quite extensively.

That advertising matter for the Y. M. C. A. entertainment cause is on hand, and that several have tickets to sell. The first number on the cause comes Oct. 21.

That four gymnasium classes are in full operation at this time, the one manifesting the greatest interest being the boxing and fencing class.

That plans for educational work are in the making.

Gratifying progress was shown as follows:

(1) As to the total membership, August 226, September 237.

(2) Comparison of the number of members taken in during June, July, August and September this year as against the same for last year:

	1906	1907	Increase
June.....	9	13.....	4
July.....	12	16.....	4
Aug.....	2	9.....	7
Sept.....	6	14.....	8

(3) Receipts through the association office for the months of May, June, July, August and September aside from what goes directly into the hands of the treasurer are as follows:

	1907	Gen. Fund	Bldg. Fund	Total
May.....	\$24.75	\$ 3.25	\$28.00
June.....	59.96	3.00	62.97
July.....	29.85	5.00	34.85
Aug.....	43.14	5.00	48.14
Sept.....	73.49	15.50	88.99

Letter to Mr. C. E. Peabody, Brainerd, Minn.

Dear Sir: There are these five ways of badness in pain:

(1) Stuffed-out with chalk, or something like that;

(2) Barytes, better than chalk, but no covering to it; nobody knows it's there;

(3) Benzine in the oil, or water, or other such stuffing;

(4) Too thin—too much liquid, whatever it is, for the solid;

(5) Short measure.

Now will you buy by the price per "gallon?"

We furnish our agents with a state chemist's certificate of analysis that tells what's in Devoe.

OUT LINE OF YEAR'S WORK

Of the Ladies' Musical Club Announced by the Program Committee

An outline of the years work by the Ladies' Musical Club may be interesting to others as well as its members. The talks and sketches of the four great Wagner Operas, viz, Das Rheingold, Die Walkure, Siegfried and Die Gotterdammerung given by one of our Club members last year, proved so interesting and educational that the Program Committee have decided to continue a little of the same work, by studying three more of the Wagner Operas. The ones selected for this year are, "The Flying Dutchman," "Tannhauser" and "Lohengrin."

A brief outline for the year is as follows:

TOO HANDY WITH AX

Verne White and Arthur Johnson Each Suffering From Self-Inflicted Wounds

Verne White is laid up at his father's home with a cut in his left leg received at the Sleeper block yesterday afternoon. He was hewing joists when the hand ax struck a knot and glanced, striking him in the leg, cutting quite a bad gash. Luckily the tool missed both arteries and tendons and no serious results are anticipated.

Arthur Johnson, the 20 year old son of L. D. Johnson, a farmer residing on the Gull River road, was badly cut yesterday while peeling ties. The tool he was using slipped, catching him across the knee cap and cutting it so badly that it is thought he will be laid up for six or eight weeks. He is at the Northern Pacific hospital.

Cured Hay Fever and Summer Cold.

A. J. Nausbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success. For sale by H. P. BACK GIVES OUT

Plenty of Brainerd Readers Have This Experience

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back gives out—it aches and pains;

Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

Brainerd people tell you how they act.

David Northrup, 918 Front St., Brainerd, Minnesota, says: "Backache and kidney complaint were of short duration in my case after I began using Doan's Kidney Pills, procured at H. P. Dunn & Co's drug store. There has been a dull steady aching in my back and lameness across the loins. It only required one box of Doan's Kidney Pills to regulate the action of the kidneys to a normal condition, remove the backache and impart tone and strength to the parts affected. From the results I obtained I believe any sufferer from kidney complaint will find in Doan's Kidney Pills a most valuable remedy."

Isabel Irving

Isabel Irving made a great hit at the opera house last evening in "The Girl Who Has Everything." She was at her best, which is but another way of saying that her acting was of the best. She was supported by a strong company there being no weak spots in the cast. The parts of Tommy and Teresa Weems were excellently taken by David Lindley and Violet Hill, and were much more natural than juvenile parts are usually portrayed. The dialogue of the entire play, very natural, being much less staggery than the common run of comedy dramas. The stage settings were also fine.

At The "Unique"

The performance at this theatre last evening opened with "The Charmed Umbrella," a series of dainty colored views presenting the creations of a magician by the aid of the umbrella. "The Japanese Top Spinner," showing a Japanese juggler at work, and "The Soldier's Helmet," conclude the first reel of films. The latter is very comical. The illustrated song, "I Got My Fingers Crossed, You Can't Hurt Me," was sung by Miss Kathleen Graham, both pictures and singing being excellent. "The Ghost Story," a practical joke with a tragic ending, and "Cab No. 23," showing the hoochie which went with skidoo, completed the second film. The solo sung by Miss Graham was also a decided hit.

"Bijou"

Miles Standish, a historical comedy-romance of wonderful beauty and interest is the headliner for the rest of this week. In photography, costuming and action, "The Wooing of Miles Standish" sets a new high mark among American film manufacturers. This is the unanimous opinion of prominent exhibitors who have had an advance view of the film. The story follows the historical tradition very closely, depicting the thrilling and oftentimes amusing experiences of the Pilgrim Fathers with

the savage Indians. Interwoven is the pretty love story of Priscilla and John Alden. The story opens with Priscilla's refusal of the bluff old soldier's suit then a view of a Pequot Indian camp with warriors starting on the war path. Next comes a glimpse of a Puritan Sabbath—the Pilgrims returning from church and being attacked by the Indians. Following is the capture of Miles by the Indians and his rescue by John Alden after a fierce fight. The tale is brought to a happy ending by the wedding of Priscilla and John. Special matinee Saturday afternoon for school children especially, and one of the distributed tickets with 5 cents will entitle the holder to one admission.

Ezra Kendall

"Did you ever see court plaster sold by the stick?" Whether you did or not, no lover of clean, wholesome wit and humor should miss seeing Ezra Kendall, undoubtedly the foremost laugh-producer on the American stage. Kendall's popularity and his reputation for giving his audience an evening of uproarious laughter have been testified to by the big advance sale which opened at Dunn's drug store this morning. Mr. Kendall plays an engagement at the opera house tomorrow night in his fun show, "Swell Elegant Jones."

Jeremiah M. Glunt Tells Good Story Anent the Days When J. M. Graham Was With the N. P.

The visit of J. M. Graham recalls to Yardmaster Glunt a somewhat amusing episode of the days when Mr. Graham was with the Northern Pacific. Mr. Glunt was then yardmaster at Mandan, Mr. Graham, then assistant general superintendent, happened to be going over the Mandan division when he received several telegrams addressed to "J. M. G." and apparently referring to the Mandan yards. He was considerably mystified until he learned who they were intended for. He met Mr. Glunt when he reached Mandan and his first question was what his initials were. "Well," said he, "I guess you better drop that 'J. M. G.' business and sign your papers 'Glunt' hereafter." Jerry did so. When Mr. Graham visited Brainerd and met Mr. Glunt he remembered him instantly. "Say, did you ever have to change your name" was his salutation.

HIGHEST OF HONORS

Received by Secretary Root in Mexico City.

HOLDS A SPECIAL SESSION

Chamber of Deputies Convened on Purpose to Show Appreciation of Statesman's Presence in Mexico—Addressed by the Secretary of State.

Mexico City, Oct. 4.—Secretary of State Root on Thursday was the recipient of the highest honors which can be granted to a foreign visitor at the City of Mexico. He was invited to be present at a special meeting of the chamber of deputies convened especially to show the appreciation of the lawmakers of this republic for the distinguished guest of the nation, and in the evening a ball was given at the Jockey club.

Mr. Root visited the chamber of deputies, the legislative body which corresponds to the United States house of representatives. The entire membership of the house was present and the enthusiasm which greeted the speech of Secretary Root was boundless.

After routine business was transacted the president of the council, Senor Emanuel Callero, delivered a speech welcoming Mr. Root in the name of the legislature of Mexico. Mr. Root in reply said in part:

"I am doubly sensible of the high honor which you have conferred upon me by this audience today. I am sensible also of the great mark of friendship to my country involved in this reception of one of her officers in this distinguished manner by the popular lawmaking body of this republic. I sincerely hope not merely that I personally may never do ought to show myself to have been unworthy of your consideration, but that my country may forever in the attitude and conduct towards the people of Mexico, justify your kindness."

WITH DRUG AND BULLET.

Minneapolis Man Ends His Life in St. Paul Hotel.

St. Paul, Oct. 4.—Determined not to escape death, H. M. Mannheim, a Minneapolis candy salesman, employed by Roach, Tisdale & Co., whose home is at 1400 Willow street, in Minneapolis, committed suicide in the Boardman hotel here by first swallowing the contents of a tumbler of laudanum and then shooting himself through the right temple with a 32-caliber revolver.

Although no certain motive developed for Mannheim's act, it is thought possibly that fear of an exposure of financial difficulties prompted the man to end his life. It became known to his employers after Mannheim failed to appear for work that he had been involved in some financial difficulty with a Minneapolis company which had previously employed him. Aside from a possibility of financial trouble, no other reason could be assigned for his act.

DESTROYED THE CHECKS.

Quigg Said He Did Not Want to Tell Who Received Money.

New York, Oct. 4.—That he deliberately destroyed checks for \$43,878 so that he would not be compelled to say to whom the money represented by them was paid was admitted by Lemuel Ely Quigg at the hearing on street railway merger matters before the public utilities commission Thursday.

"My memory is faulty. I should not like to attempt it," he replied when Attorney Ivens, who is conducting the investigation, asked him if he could tell to whom the checks were drawn. Secretary D. C. Moorhead of the Metropolitan company stated on the stand that he had been unable to locate the checks charged to the "special construction account" and that he was certain they must have been destroyed.

TO KIDNAP SULTAN.

Brother of Moroccan Ruler Will Make the Attempt.

Casa Blanca, Oct. 4.—Authentic reports from the interior reveal the fact that Mulai Hafg's plan of operations is to divide his army into two divisions. The first is designed to march upon Rabat and capture his brother, Sultan Abdel Aziz, and the latter's troops there, while the second division, under the command of Mulai Rachid, Hafg's commander-in-chief, will march on Fez, the northern capital, and there proclaim Hafg sultan of Morocco, as was done some time ago at Morocco City.

The first division already has reached Settat, but the Ramadan, or ninth month of the Mohammedan year, which is accompanied by forty days of prayer, begins Oct. 5, which is expected to put a temporary end to the operations of Hafg and his armies.

Wisconsin Millionaire Injured.

Appleton, Wis., Oct. 4.—George A. Baldwin, the millionaire lumberman and one of the largest land holders of the West, is in a critical condition at his home here as the result of a fall down a steep stairway at his residence Wednesday night. Mr. Baldwin is suffering from a fractured thigh, a severely gashed head and possible internal injuries. Owing to his advanced age his condition is considered critical.

ANTICIPATE VICTORY.

Jennings With Floral Horseshoe. Jennings With Floral Horseshoe.

Washington, Oct. 4.—Although the winning of Thursday's game by Detroit did not, as events proved, make it impossible for Philadelphia to close the gap in the championship series, Manager Jennings' Washington friends waived the question of doubt and presented him with a floral horseshoe in token of his men's victory just before the game started at American League park Thursday afternoon. Manager Jennings had no speech of thanks for the donors—even his whistle failed him at this crisis—but his men responded for him by running away with the game in brilliant style. They now are en route to St. Louis for the final series of the season, which ends there with a double-header Sunday. The score by which the Detroiters tightened their hold on the pennant stood 9 to 3, the Washingtons scoring only after "Bill" Donovan, having the game safe, eased up a bit and lobbed the ball over the plate. Ty Cobb kept up his terrific clip at the bat, getting three hits in four times up, but turned his ankle in sliding to second and was forced to retire in the eighth. The extent of his injury is not serious. Scores of other American league games follow:

At Boston, 1; St. Louis, 0.
At Philadelphia, 4; Cleveland, 0.
At New York, 8; Chicago, 0.

At Pittsburg, 0; Philadelphia, 1.

WANT RATE TO STAND.

Railroads Fight Reduction in South Dakota.

Sioux Falls, S. D., Oct. 4.—All leading railroads having lines in South Dakota have commenced a united action in the United States court of this city for a permanent injunction preventing the state board of railroad commissioners from putting into effect Oct. 15 an order reducing passenger rates in the state from 3 to 2½ cents a mile. The commission was temporarily restrained from putting the new rate into effect pending a hearing from Judge Carland Oct. 29, on the application for a permanent injunction.

SLAIN BY REJECTED SUITOR

Girl Was Preparing to Return to Marry Her Roumanian Lover.

Toledo, O., Oct. 4.—Because she would not marry him, Giza Poka, a Hungarian, twenty-five years old, shot and killed Meri Tulop, aged twenty-one, at the home of the latter's sister here. Poka then turned the weapon upon himself and inflicted a fatal wound.

The girl had a lover in Roumania and was preparing to return next week to marry him.

Poka is dying at the hospital.

Several Persons Injured.

Jacksonville, Ill., Oct. 4.—Passenger train No. 50 on the Wabash railroad, eastbound, collided with a westbound freight train four miles west of Chapin, Ill. Fred J. Schmitt, conductor of the passenger, was seriously injured and Engineer W. H. Adams was also hurt. Several passengers were bruised and cut, but none seriously.

Knapp Talks to Grain Dealers.

Cincinnati, Oct. 4.—That co-operation and not competition is the life of trade was the position taken by Martin A. Knapp, chairman of the interstate commerce commission, in his address before the eleventh convention of the Grain Dealers' National association here.

French Count Wounded.

Paris, Oct. 4.—While Minister of Agriculture Ruau was pheasant shooting at Rambouillet he accidentally shot Count Cleary, president of the St. Hubert club, another member of the party. The count was only slightly wounded.

STOP THE STRENUOUS LIFE

Weakens the Tissues and Lessens Organic Vitality

The stress and strain of the strenuous life in both city and country tends towards stomach troubles.

Five people suffer to-day where one did ten years ago with sick headache, dizziness, flatulence, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness and the many other symptoms of indigestion.

All who are suffering with stomach troubles, and that means at least two out of three in Brainerd and other towns, should use Mi-o-na stomach tablets. Nothing else is safe, yet effective; nothing else can be so thoroughly relied upon to relieve all troubles from indigestion as Mi-o-na.

It is not a mere digestive taken after the food is eaten, but a true tonic, stimulant and strengthener for the muscular walls of the stomach, increasing the flow of digestive fluid and putting the stomach into such condition that it does the work Nature expects of it.

So reliable is Mi-o-na in its curative action that H. P. Dunn, with every 50-cent box he sells, gives a guarantee to refund the money unless the remedy does all that is claimed for it.

102-104-108

RUEF IS SUBPOENAED.

But Is Not Given an Opportunity to Testify.

San Francisco, Oct. 4.—Notwithstanding that the Tiley L. Ford defense Thursday subpoenaed Abraham Ruef as a witness when the time came for the introduction of evidence in behalf of the general counsel of the United Railroads, the attorneys for the defense refused to offer any testimony, thus blocking any intent the prosecution may have had to make of Ruef a rebuttal witness and both sides went to argument, the people without having adduced a particle of direct evidence connecting the accused with the commission of the crime charged, and the defense without having offered a sworn word in its own behalf.

Assistant District Attorney O'Hara made the opening speech for the prosecution. Following him, Attorney A. A. Moore opened for the defense.

REMARKABLE YACHT CRUISE

Financier Plans an Expensive Trip Around the World.

New York, Oct. 4.—Fifteen friends of Robert M. Thompson, financier, retired naval officer and lawyer, are to be his guests on one of the most remarkable yacht cruises on record. The yacht upon which they will voyage around the world is the 8,000-ton steamer Mineota. The journey will occupy nine months and the estimated expense of the entertainment is \$500,000. Among those invited by Colonel Thompson to be his guests are Lord Brassy and Admiral Lord Charles Beresford.

The programme is to go to Gibraltar, the rendezvous of the British Mediterranean squadron, thence to Japan via the Suez canal, and thence to New Caledonia.

Unusual Suit Ended.

Cambridge, Minn., Oct. 4.—As the result of an interesting suit in district court here, N. P. Erickson has been awarded damages of \$2,000 against Erick D. Fennell for the alienation of his wife's affections. Spiritualistic seances held by Mrs. Erickson in 1905 were blamed by the plaintiff for the whole trouble.

MEN TIE UP TRAFFIC.

Remarkable Austrian Labor Struggle Causes Trouble.

Vienna, Oct. 4.—The remarkable strike of Austrian railroad employees for increased wages, which began Oct. 1, is spreading and serious inconvenience to the public is growing every day.

All passenger trains are late and on some lines freight traffic is completely suspended. The machine shop workers have joined the railroad men. The authorities have offered further concessions, but the men do not appear inclined to accept them.

This strike is being conducted according to the "passive resistance system." This consists of a literal interpretation and application of every rule and regulation governing the movement of freight and passenger trains. These rules are so precise, cumbersome and impracticable that when carried out to the letter, as the men are now doing, the movement of trains is delayed more and more every day, until finally blocks occur and traffic comes to a standstill.

The advantage of this system to the men is that their attitude is impeccable; they are not striking; they are not refusing to work, but they are carrying out every order given them in strict accordance with the regulations provided by the authorities.

Good, but Not Intended.

Now and then a man gets off a good thing and does not know it. An instance is noted by Sir M. Grant Duff in his "Diary."

We began to talk about the fog. "It was so bad," I said, "a week or two ago that I hear Farrar preached against it at St. Margaret's." "It was at that church," my friend answered, "that a clergyman denouncing Mr. Toth, the ritualist, said, 'I will not name him, but his name is in everybody's mouth.' Then, seeing the smiles on the faces of his congregation, he turned scarlet."
